

Do not modify the keyline layer. It will not print. Modifications will corrupt the file. Add your art to the "artwork" layer.

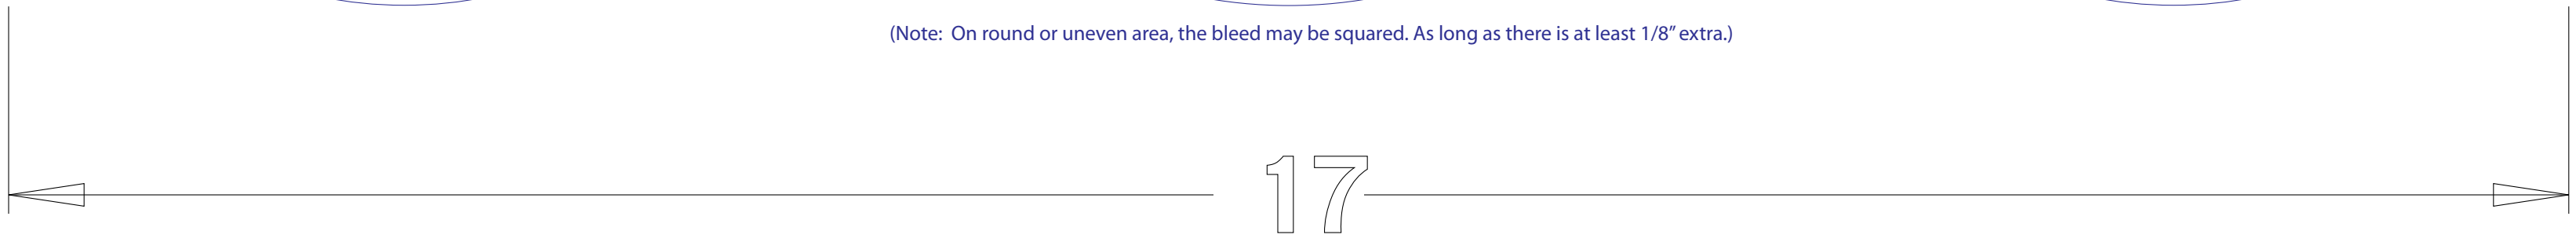

**Die 04641** Outside view

Add 1/8" bleed if art comes to the edge - extend art out to the second line. This applies to all sides and inside areas that diecut out (holes or windows, etc.).

12.25

(Note: On round or uneven area, the bleed may be squared. As long as there is at least 1/8" extra.)
